Please note there are no classes during school vacation weeks which include:

December 28 – February 22 – April 19 – June 28

There are family fun skates held during these dates. Skaters may attend for free and family, friends, and siblings will be charged a nominal fee.

Class Structure: Classes are broken into two parts – ½ instruction time from a professional USFS coach and ½ practice time with a skater who has participated in our program for many years.

Contact Information: You may contact the WFSC through email at Wilmington_fsc@yahoo.com.

Weather Cancellations: Please be advised that we **do not** follow the Wilmington Public School cancellation policy. If the rink is open, classes will be held. When in doubt, check our website at wilmingtonfsc.com as we will post any cancellations as soon as it has been determined. If classes are cancelled, a makeup session will be made available.

Registration Fee: A \$17.00 registration fee is required by all skaters. The fee is paid once per skating year (July 1 – June 30) no matter how many sessions your child is enrolled in. This fee is forwarded to United States Figure Skating Association. *You may also register directly for membership with the USFS at usfsa.org. Please provide your USFSA # on your application.*

Skating Equipment: It is important that your child have proper fitting single bladed skates. Whether they are hockey or figure skates, they need to be sized correctly. If skates are too big or too small, the child will have difficulty learning basic skills and it will impinge upon their advancement. If you are unsure if the skates are a good fit, our coaches are happy to help you with this. We want your child to enjoy their time on the ice. Be sure that you have mittens/gloves and snowpants and helmets for beginner skaters. If you forget mittens or a helmet, please come to the registration desk as we have extras you may borrow. We also have a limited inventory of sizes of skates available to rent for \$15/session.

Your feedback is very important to us. We welcome your suggestions in ways that we can improve our program.
